## **Garden of Eatin'**

*The purpose of the Euless Disciples Community Garden is to help feed hungry people in our community. United Memorial Christian Church (Disciples of Christ) is providing everything except vegetable seeds/plants, and we invite you to adopt a Square Foot Garden box and enjoy growing vegetables for the community and your family.*

*Contact Pastor Mary Lou for more information.*

# Eules Disciples Community Garden

## Feed the hungry people in our community

The primary focus of this Community Garden is to provide fresh, organic, healthy vegetables to needy people in our community. The first fruits (or first 50%) of the vegetables grown in our square foot community garden will be taken to North East Emergency Distribution (N.E.E.D.) and the 6 Stones Mission Network Food Bank.

## Feed yourself and your family

You are invited to keep up to half (50%) of the vegetables that you harvest for yourself!

*Fresh vegetables are full of flavor and important vitamins and nutrients!*

## Square Foot Gardening

The Garden of Eatin' uses the gardening method developed by Mel Bartholomew, called Square Foot Gardening. It is a simple, unique and versatile system that adapts to all levels of experience and physical ability. It uses 20% of the space of a conventional row garden, saving time, water, work, and money. Different vegetables can be planted in each square foot of the 4 foot by 4 foot box. UMCC is providing the square foot garden box, soil mix, grid, and water. Garden box adopters provide vegetable seeds or plant starters.

It is also easy to get started with your own square foot garden at home. Requiring no tools, less work and no weeding, square foot gardening has become one of the most efficient and popular ways to grow large crops of fresh produce without wasting valuable resources or space.

*United Memorial Christian Church (Disciples of Christ) has been involved in our community since our birth in 1965. We are one of the founding churches of North East Emergency Distribution (N.E.E.D.), which provides food, clothing, and financial assistance to needy, low-income, crisis-stricken families on an emergency basis until long-term assistance can begin. We also partner with 6 Stones Mission Network (a non-profit formed by First Baptist, Eules) and Eules Revitalization. We hope to see Community Gardens expand throughout Eules and surrounding communities.*

*The Garden of Eatin' began with 16 Square Foot Gardens, each adopted by a family or individual. We also have two square foot gardens that are wheelchair accessible.*
